Day 1

We pick you up at a convenient location in Chiang Mai and drive to the cycle drop-off point in the countryside surrounding Chiang Mai.

You start your Lanna adventure by cycling along small village roads, past fruit farms, rice paddies, seasonal crops and waterways.

Depending on the season, you may even get the chance to stop and help with planting or harvesting.

After approximately two hours, we take a lunch break and then drive to the trek start point.

A walk up to the Karen hill tribe village offers opportunities to interact with the people of this local hill tribe. On the way back to the Spicy Villas, we stop at the local waterfall.

The day is rounded up with a Thai cooking lesson, where you have a chance to learn how to prepare traditional northern Thai dishes.

We spend a leisurely afternoon before heading to the elephant camp to bathe and ride the elephants while learning about the lives of the elephant men (mahout).

You get your own elephant and learn to ride it by sitting behind its neck.
